3.5	(Parity HC)									8.5

2017 MATCH RESULT - LADIES win

(12 matches, 24 players each side)

Match report:

A friendly good humoured round of golf played by the Wednesday League Men against the Ladies section of the Royal Jersey Golf Club.

When:	At some point the Men had to loose and this year was our time. Well played Ladies, it would appear that in most matches one or two of you pulled out the stops and really played at or better than your handicap.
Time:	
Tees:	Clearly next year we need to discuss matters with the Rangers as the Tees? We've never seen the Red tees so close to the end of the Tee Boxes (and on the 17th, some of you might have had vertigo).
Costs:	The Yellow tees: you kept asking that we play off the Whites and you engineered that, save you kept the shot (4 parity vs 3 parity). Would that have made a difference, the scores indicate NOT.
Dress:	
How many:	Next year, "let battle commence" as is said elsewhere on Jersey on the same day.
Notes:	Ladies received 4 Parity shots to their handicaps (Mens SSS = 70, Ladies SSS = 74)
	Handicap difference: None (normally 0.9)
